THE PURPOSE OF THE GALA

(Photo of Jean and Ruby at an orphanage in Haiti)

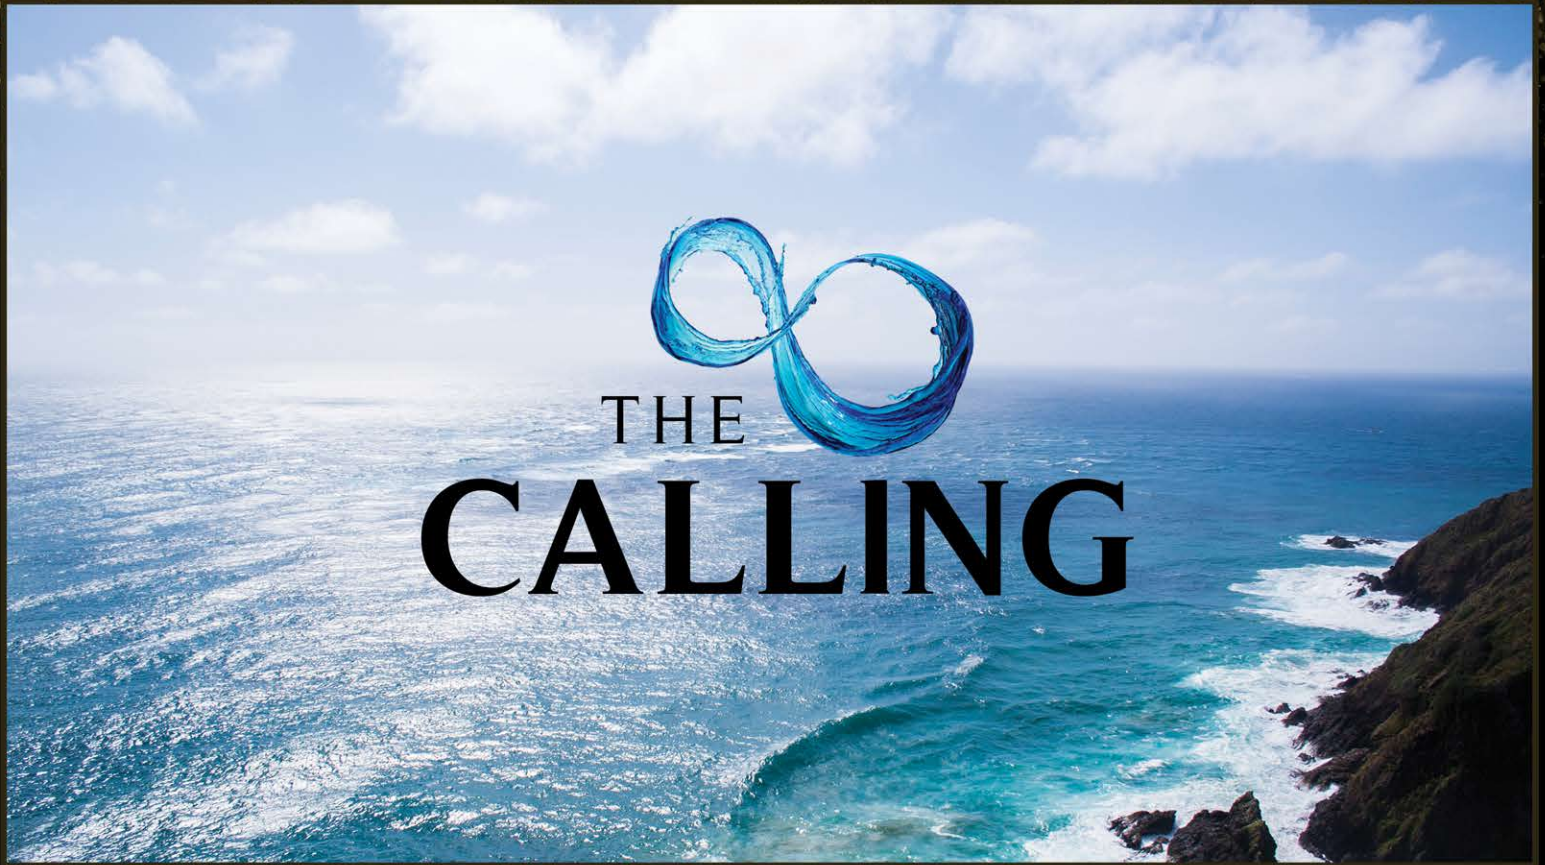

The Power of One Gala is benefiting a global initiative that drives the heart of entrepreneurship within peoples' lives and provides avenues of activation. For the last 10 years The Calling has been providing this service. This will continue in this next season as we invite the people of Haiti to realize and live out their unique purpose. This will be a global inspiration for others to do the same in their own nations, and we want YOU to be part of the event sparking the flame!

So what does this mean?

The money raised from the Power of One Gala will be used to produce a massive event in Haiti that is expected to have over 1 million people attend. At this event the people of Haiti will be inspired to recognize their own individual dreams and purpose. They will be able to start activating their dreams and their calling right at the event. Additionally, the money will go towards "The Imagination Station" which will be a physical location where people can go to discover their calling and be equipped to fulfill it.

This will have an exponential ripple effect that will touch not only the individual's lives but also their families, communities and nation to impact the world!
